Collaborating to a higher degree

Club52 brings together a network of knowledge experts and entrepreneurs from public as well as private organizations around the theme of 'open innovation'. The 'Businesses Innovation Events' of Club52 aim to bring people from different backgrounds in contact with each other, to inform them and to inspire them to work together on new ideas and new innovations. The events always play on the topicality and hit on the themes 'high tech', 'business' and/or 'lifestyle'. They are accessible for Members as well as non-Members.

Club52 is not only about events, but also about state-of-the-art facilities. Club52 is a business association with its own private environment in a prize winning building. The ClubCard works as an access badge for the building with a free parking credit. As a Member, the exclusive 'members-only' business lounge is always at your disposal on working days from 8:30 in the morning to 17:30 in the evening. Here you can simply relax and enjoy the fantastic view, work, or invite your business relations for a meeting. Furthermore you have the disposition over the prestigious boardroom of Club52.
